ROHS COMPLIANCE

RoHS 3 (European Directive 2011/65/EU on Restriction of the Use of Certain Hazardous Substances) is a European legislation that restricts the levels of Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls (PBB) and Polybrominated Diphenyl Ethers (PBDE) present in electrical and electronic equipment sold in the European Union, commencing July 1, 2011. **All Diamond Wire Spring products, with the exception of Cadmium Plated MIL-SPEC Springs, comply with the RoHS 3 Directive.**

REACH COMPLIANCE

REACH (Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals) refers to European Union Regulation No 1907/2006. The aim of REACH is to ensure a high level of protection of human health and the environment from the risks that can be posed by chemicals. **All Diamond Wire Spring products, with the exception of Cadmium Plated Springs, comply with this regulation.**

While the vast majority of Diamond Wire Spring Custom Products are also RoHS and REACH compliant, please note that certain specifications requested by our customers may not be compliant. Diamond Wire Spring only manufactures products that are not in compliance with these regulations upon customer request.
